

# Women And Their Zodiac Characteristics

By Pankaj Khanna

## GEMINI - WOMEN

If you were born between **May 22nd and June 21st**, you are a Gemini woman.

### Physical Appearance

- Women born under this sun sign are tall with a straight body. Your hands are long and legs are thin. Generally, Gemini females have a very thin skin from which their veins are visible.
- Your nose is sharp and long. The most beautiful part of Gemini girls is their beautiful eyes. Sometimes fascinating combinations of green shade are seen in their eyes.

### Mental Attitude

- You are capable of adapting very fast to new surroundings. Mostly the females born in this sign are intellectual types. Your mind is positive and strong.
- Reading, writing, working on computers are your natural fields. You love to travel. Gemini women are masters of communication and expression.

### General Nature & Suitable professions

- You are quick-witted, clever and understand every situation thoroughly before reacting. Many times Gemini's can plan their reactions and be happy, angry or sad as per the requirement. These qualities help them become good businesswomen.
- Gemini women can work best in the field of teaching, marketing, political work etc. You can do naturally well in any sphere.
- Some of the most innovating business minds have been seen in those born in Gemini. Research is also a good field for you to work.

### Health

- Though your health is generally good, over reaction, worries and anxiety are the main causes of ill health for you.
- Colds, influenza, bronchitis, T.B., defects of shoulders and arms, piles and infections of bladder may also trouble you at various stages of life.
- Systematic life with planned holidays in completely relaxing atmosphere and a good diet can keep you fit for all your life.

### Money

- There will be a lot of changes as far as finances are concerned. You will experience both situations that are - plenty of resources and also complete lack of resources in your lifetime. Your love life may also be a contributing factor to your losses.

- Systematic savings and conservative investments will be the best way to get stability in life.

### **Romance And Sex Life**

- You are romantic by nature and will have interest in many males in your lifetime you will look for good intellectual compatibility with your partner. An over bearing partner is not for you.
- It will not be easy for your mate to understand you and your nature of extremes may baffle him. Your partner will have difficult time figuring out what you think and what you want. The male in your life has to be imaginative and not afraid of experimentation if he wants to keep you satisfied.
- Gemini females do understand love and romance well and can change their partners with surprising ease. It is not difficult for them to discontinue any relationship that they think is not in their best interests.
- The hotspots for Gemini woman are arms and armpits.

### **Marriage**

- You will find marriage exciting and interesting. You are intelligent, and so you should marry someone who have similar traits otherwise you will not be able to continue your life with him.
- You will tend to have a large share in the decision-making within the married life and will often find difficult to survive with a husband who is pushy. So, try to find a person who can understand you and would mould himself as per your needs.
- For this reason, an arranged marriage where proper care has not been taken to match the horoscopes or to see the inclinations of the girl and boy do not work well for a Gemini girl.

### **Ideal Match**

- For you the best match will be the one born in Libra, Capricorn, Aries, Cancer or Leo signs.

### **Caution**

- Gemini women are very amenable to change and they like lot of changes in their surroundings. This may sometimes lead to more tension and stress in your life. So, try to get more of consistency and less of changes in life.

### **Lucky Days, Numbers And Colours**

- Lucky days are Wednesday and Thursday.
- Lucky numbers are 5 & 3.
- Lucky colours are green and yellow.

### **Recommended Gemstones**

- Emerald and Yellow sapphire are the recommended gemstones for you. The Gem should never have been worn before and its aura should be vibrant. The weight of the Gem shall be decided in accordance with your age and body weight.
