- Hands are generally long and the stature is above average. The body is well proportioned and overall personality is ok'ish.
- You have a special look in your eyes and a glow in your skin, which makes you stand apart.

Mental Attitude

- You have a logical bent of mind and you possess a strong willpower, determination and self-reliant nature. You have the capacity to do original research work and tend to get deep into the mysteries of nature.
- Mentally, you can face any situation and tackle it to your own best advantage.

General Nature

- Scorpion woman is a determined one. She is at her best when the going is tough. Added to this is her capacity to remove obstacles and hindrances. She never surrenders but works hard to win.
- You have very good imagination and intelligence but you are not quite aware of your ability. But once aware, you can exploit its full potential and do well in any field that you choose.
- There is all likelihood that you will have a lot of positive development in your lifetime. The exceptionally strong vibrations of Scorpio coupled with your ability of self-control - gives you an extra-ordinary capacity to attain supreme results.
- Negatively speaking - you tend to become compulsive pleasure seeker. You can use a lot of determination only for the purpose of seeking pleasure. You may have a lot of influence on others but cannot reform your own self.
- You can do very well in the matters relating to business and finance. You are faithful and reliable and you have the capacity to help others even beyond limit. However If you harm anybody it will also be substantial. You also do not give much attention to the feelings of your subordinates.
- Scorpion woman is dynamic and thinks very fast - she can outwit her opponents. With her capacity of making right connections she can rise very high in life. You will like a very high quality life and will be able to achieve it.

Health

- You will have a strong constitution and good health. You will rarely have health problems but if they occur, they will take time to cure. The generative organs and the bladder are your weak spots.
- You may also have problems like insomnia, inflammations and disorders related to excessive heat in the body.

Money

- You shall have plenty of it and shall be able to manage your finances very well. You will also have a strong tendency towards speculation and shall stand to gain a lot through it.
- Though the earning part is good - the savings are not substantial. Thus, at the time of need you will face difficulties.

Romance And Sex Life

- You are quite attractive and draw the attention of all males. You may face a problem in choosing the right man for yourself.
- You shall be drawn towards slow storybook romance. You will enjoy the love life to a great extent but may feel not completely satisfied always.
- A Scorpio woman is very untrue towards her lover but does not expect the same from him that is - total devotion. You will want to have romance in the best of the surroundings and in the most classical way. You do not have the capacity to seduce your man by a single glance, your power of eyes have no momentum in romance.
- It is not for you to openly declare about being in love. You say it barely through your gestures and glances. You do not need any special clothes for the occasion but shall have the capacity to achieve your ends in most ordinary clothes.
- You have the capacity of making your voice sweet and magnetic and shall be able to control the man with few words and few glances.
- It is very easy to get you. Calves and feet is a hot spot for you.

Marriage

- You shall have a desire to marry early. Once married you control and domineer your husband the way no other woman can do. You will try to improve his position and power so that you can be proud of him and gain status for yourself.
- A Scorpio woman can have frequent rages of fury and is well capable of destroying her married life. Controlling such rage will work out well for you.
- However it has been seen that marriage of Scorpion women is rarely stable and the marriage deteriorates a lot of a scorpion woman as well as for her husband.

Ideal Match

- Those born in Pisces, Scorpio and Leo are ideal match for you.

Caution

- You are extremely optimistic and see the world through pink glasses.
- You will rise in life due to this nature of yours but it can lead to falls also. You may take risky decisions in all your optimism without seeing the negative possibilities attached to them.
