Introduction to Spatial Development Planning

Student assessment in the **Introduction to Spatial Development Planning** course will result from the project. The project will have an **empirical character**.

The project title definition should be completed by **15.11.2024**.

The project will be presented and a Student Paper will be delivered. Each presentation will not exceed 15 minutes. The final Student Paper will be delivered by **10.01.2025** by email to the professors.

Empirical assignment:

The paper should be 2000 – 4000 words enriched with the necessary documentation (maps, tables, diagrams, etc.). It will concern issues that: (a) were presented in the context of the lectures, (b) either developed in the proposed papers (found in the course repository), (c) or are of the student's choice in consultation with the professors. It will be accompanied by an AI self-reporting, if AI has been used during its preparation and/or writing.
